Make the tree change NSW 's Riverina region awaits

Life could be different. All you have to do is make a tree change to NSW's Riverina Region.

Making your tree change is about making more time for your family, getting ahead financially and making yourself a better life and future. With exciting career and business opportunities, affordable, comfortable housing, stunning scenery, excellent infrastructure and plenty to see and do, why haven't you made your tree change to the NSW Riverina Region?

This is the question RDA Riverina's Country Change project has been asking over 50,000 visitors to its stands during July and August. Commencing with National Careers , Sydney Good Food and Wine, Retirement and Regional Living expos Country Change has promoted the features of Riverina's individual LGA's to business proprietors, investors, tourists , skilled professionals, workers and families..

Again, this weekend economic and community development delegates from participating Riverina shires will be joining Country Week activities at the Country and Regional Living Expo, a three day event at Rosehill Racecourse Event Centre. It is envisaged that over 10,000 tree changers will be out looking for new alternatives in light of the recent announcement of \$7000 NSW Regional Relocation Grant.

Country Change currently involves 10 Local Government Areas including Griffith, Leeton, Narrandera, Cootamundra, Carrathool, Hay, Greater Hume, Tumbarumba, Bland and Temora. The project is facilitated by RDA-Riverina.

The Country Change – live, play, work stand will also promote its newly revamped website [www.countrychange.com.au](http://www.countrychange.com.au). Providing useful information, tips and insights to help make the Tree Change transition smoothly, the website assists with the NSW Regional Relocation grant applications, information on Evocities and even helps you choose a town with the right amenities for you. Information on education, health care and infrastructure, Riverina jobs and real estate will also be made available to all those convinced that Riverina is a great place to start over with a new life!

RDA-Riverina will be looking to involve more Councils in the 2011-2012 year. The Country Change project also taps into the marketing of Evocities. The two projects work well together to promote the region.
